

PARIYAKORN SAELAO (CARROT)

Game and Interactive Media Student, Bangkok University | Aspiring Technical Artist

Email: pariyakorn.sael@bumail.net
Tel: (+66) 64 076 1119
Linkedin: Pariyakorn Saelao

Research Interests

- 3DCG Animation & Character Animation
- Technical Art for Game Engines
- Real-time Animation & Rendering

Software Skills

Game Engines:
- Unity
- Unreal Engine 5

3D Art & Production:
- Blender
- Maya
- Character Creator 5
- Marvelous Designer
- Substance Painter

Motion Capture:
- Rokoko

2D & Digital Art:
- Clip Studio Paint
- Procreate

UI/UX & Graphic:
- Figma
- Adobe Photoshop
- Canva

VDO & Motion Graphics:
- Adobe After Effects
- Premiere Pro
- FlipaClip
- CapCut

Languages

Thai	Native
English	Intermediate

Soft Skills

- Teamwork
- Problem Solving Communication
- Cross-functional Collaboration
- Time Management

Hobbies

- Drawing
- Basketball
- Traveling

Summary

Third-year Games and Interactive Media student at Bangkok University (GPA 3.90/4.00, 100% scholarship recipient).
Experienced in 3D character creation, motion capture coordination, 2D/3D art, and interactive media development. Skilled in collaborating with animators and programmers on game projects, with additional experience in VR application testing.Interested in exploring the technical processes behind 3DCG animation and real-time production, combining artistic skills with interactive technology.

Educational background

Bangkok University — **Jun 2024 - Present**

B.Sc./Bachelor of Information Technology and Innovation (Games and Interactive Media)
Expected graduation: 2027 | **GPA** 3.90/4.00
Scholarships: BU Creative 100% Scholarship Recipient

Professional Experience

Center of Specialty Innovation (CoSI) — **May 2026 - Present**
Pathum Thani, Thailand

Role: UI Designer & Game Tester
Project: CoSI Pilot – VR-Based Drone Pilot Training Simulator
Contributions:

- Designed user interfaces for VR/PC simulators and web-based dashboards for reviewing detailed training results.
- Tested VR and PC builds, identified usability and technical issues, and communicated feedback to the development team.

Relevant projects

Rumhunt - VR Thai Dancing Ghost — **May 2026 - Jun 2026**

Role: Game Character Artist, UI Designer & Sound Direction

- Created the 3D characters and designed the UX/UI in Figma for a VR game where players mirror a ghost dancer's Thai dance poses to win.
- Planned and ran a mocap session with a hired Thai dancer using Rokoko, then handed the data to an animator for cleanup and re-rigging.
- Wrote sound briefs and directed an outsourced audio mixer.

Tools*: Character Creator 5, Marvelous Designer, Substance Paining, Blender, Rokoko, Figma*

The Crypt Whisper - National Software Contest 2025 — **Jul 2025 - Aug 2025**

Role: 3D Artist

- *Created 3D art for a first-person puzzle game where one player explores while the other reads the manual.*

Tools*: Maya, Procreate*

BU Space - Scholarship Activity Tracking Web App — **Aug 2026 - Present**

Solo Project

- *Designed a web application concept for recording, reviewing and approving student scholarship activities.*
- *Developed the system concept and UX/UI through iterative design and research, pregressing thorough multiple design versions.*

Tools*: Figma, Visual Studio Code, Supabase, ect.*

Relevant projects

Who's Next, 2D Game - Global Game Jam 2026 **30 Jan 2026 - 1 Feb 2026**

Role: 2D Artist & UX/UI Designer

- *Designed the 2D alien character and the game UI for a game about an alien who eats humans to disguise itself and make friends.*
- *The best creative concept award.*

Tools*: Figma, Clip Studio Paint*

Cursemetic, 2D Game – Horror Game Jam 2025 **24 Oct 2025 - 31 Oct 2025**

Role: 2D Artist & UX/UI Designer

- *Created 2D art assets for a horror game developed for Horror Game Jam 2025.*
- *Designed the game's user interface (UI) to support the visual style and player experience.*
- *Worked with the team to maintain a consistent visual direction throughout the game.*

Tools*: Figma, Procreate*

Other Experience

- **Graphic Designer, Various Events & Organizations** Created graphic materials and event visuals for Creatergarten (Stupid Hackathon, BKK.JS), BUITI Student Activities, WeSpray, Codev Community and Starsurvey. (2025–2026)
- **Volunteer, 2nd Global Economic Forum Annual Meeting Bangkok 2026** Assisted with on-site event operations and supported the event team to ensure smooth coordination. (2026)
- **Host, BU × KAIT 2026 Student Buddy Program** Participated in Thai and Japanese cultural exchange, collaborated on an AI technology project for smart cultural experiences. (2026)
- **Volunteer, DevFest Bangkok (By Google Developer Groups Thailand)** Sourced and designed Thai soft power gadgets, and coordinated on-site operations and problem-solving. (2025)
- **Volunteer, WordCamp Bangkok 2025** Produced promotional media and coordinated teams at an international event with attendees from many countries. (2025)
- **Vice President, Student Council, School of Information Technology and Innovation, Bangkok University** Led faculty activities, coordinated with internal and external teams, and addressed student concerns through cross-department collaboration. (2025)

Achievements & Awards

- **Best Creative Concept**, Global Game Jam (Game Dev Hub), Recognized for creative concept development in game design. (2026)
- **YWC Camp Finalist** (Top 80 out of approximately 572 applicants) – Selected for the final round as a UX/UI Designer for the Artco project. (2025)
- **National Software Contest (NSC) 2025** Passed the first-round selection with The Crypt Whisper, a 3D puzzle game.(2025)
- **Garena Game Jam 2025** Selected through the first-round portfolio screening. (2025)
